Hart King's Manufactured Housing Practice Group leaders are gearing up for their Fall seminar. John, Bill and Robert invite you to attend this informative event. We will have continental breakfast and Hart King's panel will discuss new statutes and cases of interest which will have impacts upon you and your communities. Our panel of experts will also discuss common operational concerns and provide a short update of the CPUC pilot program. In recognition of survey responses from our clients and past attendees, we will continue to set aside plenty of time for questions.
