## URGENT ACTION REQUEST

**Important April 26th Deadline Approaching**

**SWAT team interventions, drug raids, resident on resident violence, and death threats** at mobilehome parks – once infrequent, are all too common today. Even under extraordinary circumstance, perpetrators of serious crimes cannot be evicted for 60-days under current California law. This does not protect law-abiding residents.

Senate Bill 470 (Stone) aims to *Keep Mobilehome Communities Safe* by changing the law so that **serious criminals can be evicted within 3-days!** While this

legislation seems like common sense, SB 470 is by no means assured passage. We need your help!

**[Click Here](#)** to **Sign "Yes on SB 470 Petition" ASAP**

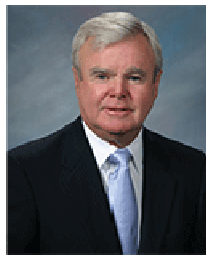

**[Download](#)**, **Print** and **Distribute** the SB 470 flyer to mobilehome park residents (and forward this email).

On Tuesday, May 2nd, the fate of SB 470 will be determined by the **[State Senate Judiciary Committee](#)**, chaired by Senator Beth-Jackson of Santa Barbara and Ventura Counties.

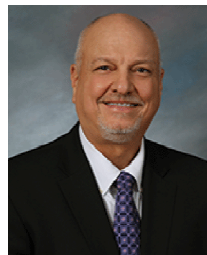

You have a voice in the political process. Be heard by responding to our call to action. Thank you.
